VHA Reprint and Redistribution Policies:

Vail Homeowners Association reports are copyrighted material. They are available for reprint and redistribution as a public service, subject to the following:

1. A VHA report, whether in full or serialized, must be published without alteration of the text as submitted by VHA.
2. Should a reprinting entity desire or suggest revisions, the proposed recommendations with recommended text, shall be forwarded to VHA for review, modification, approval or rejection 24 hours prior to publication. Failure to meet this requirement is an automatic denial of approval for publication.
3. VHA will consider any suggested revision(s) and, in consultation with the reprinting entity, decide whether to modify or deny the right to publish or, if appropriate, provide a substitute report.
4. A reprinting entity may not include its own editorial comments referencing a reprinted VHA report within the immediate context of the reprinted report without the prior approval of VHA.
5. In all events, it is the sole decision of VHA whether to allow republication and no republication is authorized without the express approval of VHA.
