#### **1. The advantages your qualifications, character, and experiences would bring to the Vail Town Council?**

Long term thinking based in principles of organizational sustainability. Deep understanding of marketing and the current Vail guest. Personal experiences over the years as a couple of young professionals trying to call Vail home - we've watched many friends move away or down valley but we've managed to hold on while trying to contribute to a community through efforts to build and protect common assets and programs benefiting and attracting residents. Plus a love for the outdoors experiences that brought us all here.
